NOW IS TIME TO TAKE ADVANTAGE OF PRICES	
---	--

With the United States having commandeered all the wool of the world for making soldiers' clothing, wool is bound to soar before very long. If you want a tailor made suit, made right here in Tonopah by the best workmen, this is the time to place your order with Elliott, the tailor, on Brougher avenue, opposite the Mizpah Hotel.—AdvJ91f.	
--	--

Care of Birds.	
----------------	--

In an English treatise on the "Hygiene of Bird Keeping" attention is called to the thoughtless practice of hanging birds in cages just above the level of the eaves of windows and to the mistaken kindness of hanging a cage in a corner of a sitting room or a kitchen near the ceiling. In the one case the bird is subjected to drafts and will in all probability develop catarrh and bronchitis, and in the other it lives in a stifled atmosphere.

## LOOK OUT FOR REAL LIVE SNAKES

If you are within the vicinity of the old street carnival and see a monstrous black snake crawling around don't rush off and take the pledge or do any other rash act, for you are hereby assured that you have not got them, but have enjoyed the experience of seeing a real live ophidian. In the haste of tearing down the merry go round a six-foot reptile which had been kept in a glass cage for the entertainment of the small boys, managed to wriggle out to freedom and was still enjoying himself at large when the train pulled out yesterday morning. A couple of kids met the monster on Central street a few hours later and began hurling rocks, which succeeded in driving the fugitive into the cellar of a neighboring house, where the occupants are living in a constant state of terror of meeting their unwelcome guest. The snake is not of the venomous variety, since its chief diet consists of other snakes, and therefore no harm can ensue if any one runs across it. The creature is recommended as a champion rat-ter.

## TONOPAH CAN'T BE BEAT ON PAYDAY

A stout, good natured gentleman stood at the window of one of the tellers of the Tonopah Banking Corporation this morning for half an hour and then went away saying he would come back another day. He crossed the street to the First National Bank and found the lobby congested with a crowd of husky looking gentlemen, all engaged in counting up piles of yellow boys or tearing off the long green which they had just received. It did not take much more experience to understand that this was payday when everybody in Tonopah makes it his business to settle up old scores.

"I never saw so much real money in circulation in a place of this size," the plethoric visitor remarked, "and I cannot see where all the money comes from since I am told that the Fourth of July saw much more money in circulation than ever before."

This was the boiled down truth. The banks paid out today over \$400,000, including disbursements early in the day on account of Manhattan mines. Everybody appeared happy, old scores were settled and new friends treated to the best in the house, while the housewives went on a regular orgie making the rounds of the dry goods emporiums.

## MUSTANG PICKS UP BUNCH HIGHGRADE

The Train & Chase lease on the Mustang made another fine find this morning when the lessees ran into a body of talcy rock that runs high in value, apparently as rich as any they found in the old pipes they have been working for the past year. The strike was made in the cross-cut that is being run to make connection between the incline and the main vertical shaft.

## FOR OVER HALF CENTURY A RESIDENT OF NEVADA

Mrs. Margaret E. Wiley, for nearly eleven years a resident of Carson City, died at her home Monday morning of ailments consequent to old age. Mrs. Wiley was a native of Clinton county, Mo., and 84 years of age. She crossed the plains in 1864 and settled in Nevada, living in Esmeralda and Lyon counties until removing to Carson. Her husband died a number of years ago.

Surviving her are a daughter, Mrs. Robert Dazell of Tonopah; three sons, John W. Wiley of Alberta, Canada; C. S. Wiley of Rawhide, and R. P. Wiley of this city.—Carson Appeal.

## Not Fussy.

"There's one thing I'll say for them, they're not a nervous family." "How do you know?" "Every picture on their walls is tilted off the straight line, and they don't seem to mind it a bit."—Detroit Free Press.

## True.

"Charity begins at home." "That's true, and it would be a happier world if extravagance began there, too, instead of downtown with the good fellows in a barroom."—Detroit Free Press.

## Preparedness.

Mother—Tom, dear, you'd better not go to the dance this wet night. Your rubbers leak. Tom—That's all right, mother; I've got pumps inside of 'em.—Boston Transcript.

## Value of Forests.

It has been estimated that if the forests of the earth were completely stocked and scientifically worked they would yield annually the full equivalent of 120 times the present consumption of coal.

## Advertise in the Bonanza.

## CUTS HORSE IN MANHATTAN CON

Advices from Manhattan this morning stated that the fault or horse which was entered in the Manhattan Con. last Friday had been passed and the drift had re-entered the zone of highgrade. Instead of the intrusion proving a step fault it turned out to be simply a jog in the footwall. After cutting through the obstruction the face of the drift entered a full face of ore. The face is now out 35 feet from the crosscut.

## FITTING UP THE RED CROSS HEADQUARTERS

The fitting up of the Red Cross headquarters and work room is going forward rapidly. Much of the necessary equipment is being given outright by patriotic men and women. Among the gifts are a telephone, by the telephone company, large cutting tables by the West End, Tonopah Mining and Tonopah Extension companies, and a large locker by the Tonopah Extension. Other needed articles are being purchased from local merchant at cost or less.

As soon as the papering is completed active work in the work room will begin. Mrs. Sherwin, chairman of the work room committee, has ordered material, patterns, etc., which will arrive within the next few days and is getting her organization perfected so that no delays will occur. Further articles urgently needed at headquarters are electric fans and a dresser, chiffonier or chest of drawers. Any one wishing to give or loan these are asked to communicate with Mrs. Sherwin.

Round Mountain is forming a live auxiliary to the Tonopah chapter. R. J. Highland, chairman of the local organization, received a report from them this morning which is most encouraging. The auxiliary organized with 41 charter members.

A letter from H. P. Davison, national chairman of the war council of the Red Cross, was received, thanking all contributors to the national fund.

## REMAINS OF "JIM" SWEENEY LAID TENDERLY AT REST

As the Reno express arrived this morning there was a large crowd present at the depot to pay last sad deference to the late Judge James G. Sweeney.

As the casket was taken from the express it was received by the pallbearers, placed in the auto hearse, and led by a procession headed by the members of the supreme court proceeded to the Catholic church, where mass for the dead was celebrated by Rev. Father Horgan.

Following the services the funeral procession was formed and wended its way to the Catholic cemetery at Lone Mountain, where all that was mortal of "Jim" Sweeney was laid away beside the remains of his father and mother and other members of the family who have passed before. The pallbearers were all old-time friends of the deceased and consisted of Judge Frank Langan, P. B. Ellis, John F. Shaughnessy, Dr. W. J. Circo, Judge Frank H. Norcross and James T. Boyd.—Carson City Appeal.

## Counting the Salmon.

The Wood river in Alaska has been closed to fishing for many years and is resorted to for breeding purposes by red salmon escaping the nets in Nushagak bay. The counting of the salmon was first undertaken in 1908 and has been continued annually since that time except in 1914.

The counting is made possible by throwing a rack across the stream and compelling the fish to pass through a narrow gate, where they are easily visible to persons immediately above. Agents of the fisheries bureau in relays are kept on duty day and night for the entire period of the run, and the tally is kept by an automatic counting device manipulated by hand.

The highest count for any one day in recent years was 25,554.—New York Sun.

## Flowers and Blood.

A superstition dating from olden times exists to the effect that roses and flowers generally attain greater beauty in soil fertilized by blood, especially by human blood, than elsewhere. Persons who have visited Newmarket, England, know of the so-called "bloody flower of Newmarket," which is found nowhere else than in the old moat, now filled up and in which, according to tradition, a very large quantity of human remains is interred. These flowers bloom in June and July and by the bloodlike hue of their blossoms suggest the name which has been given to them.

## Doubtful Assistance.

Editor—George Bump, the merchant, is dead, and I want you to write up an obituary telling what a fine fellow and what a successful business man he was. New Assistant—Sure: I'll boost his game, but I don't see what good it's going to do.—Puck.

## PERSONAL

MILTON M. DETCH, the attorney of Goldfield, is here attending the district court.

A. H. HOWE, secretary of the Goldfield Consolidated, was a visitor to Tonopah last evening.

TONY FARRELL, who has been visiting his mother and relatives, returned to Mono county on this morning's train.

THOMAS F. ROBINSON, president of the San Francisco Stock Exchange, was a passenger for the coast this morning.

A. L. BROWN, accompanied by his wife and daughter Gloria, left for San Francisco this morning. They expect to be absent some time.

CHARLES EVANS, the Luning copper magnate who has been visiting his family in Goldfield, returned to the mines this morning.

E. T. CULLINAN, chief electrician of the Tonopah Belmont company, returned home on today's train after a short visit to the coast.

W. H. WILEY, the famous expert geologist, arrived here this morning and will remain some time looking after mine changes.

W. T. DAVIS came home from San Francisco this morning after taking a trip to the coast to see his little son, who was operated on for an affection of the left limb. He says the boy is doing nicely.

RICHARD L. DUNLAP, son of R. P. Dunlap, who has been a student at Washington and Lee University, at Lexington, Va., was an arrival this morning. He expects to reside here with his father.

MR. AND MRS. C. E. HAUGHEY have taken a bungalow on Edwards street with the intention of making their home in Tonopah. Mr. Haughey is an engineer in the service of the Louisiana Con. Mining Company from Reno.

MRS. LEE B. BLUMENTHAL, formerly of Goldfield, and well known in this city, who has been confined in a hospital at San Francisco for the past two months, is improving very rapidly and a complete and early recovery is looked for.

## SENATE MEETS

(Continued from Page One.)

clered the courts and not congress have power to fix the distillers' compensation.

Senator Nelson, who had previously announced his support of the bill, declared that in view of its effect on wheat prices he was in grave doubts as to the advisability of its passage. Senator Wadsworth objected to the proposal to prevent members of voluntary government commissions from selling their products to the government, while Senator Townsend condemned men who "fatten upon war contracts." Senator Penrose denounced the bill as "awkward and absurdly ungrammatical and a disgrace to a crowd of school boys," in some respects.

It was to bring the bitter contest to a head that Senator Chamberlain, just before the senate recessed last night, sought unanimous consent agreements to take a final vote Friday or even the following Friday, and also to limit debate to ten minutes. Both were denied upon objection by Senator Wadsworth, and the Oregon senator then formally presented the cloture motion.

## BABY BOY ARRIVES

Ray Hanrahan, chauffeur for Louis Amundsen, may be pardoned for violating the speed laws since he is almost delirious over the arrival of a lusty heir at his house last Saturday. Mrs. Hanrahan is doing well and Ray is passing out the smokes.

## CENSUS OF HORSES

(By Associated Press.) LONDON, July 10.—A summary of the returns of horses in Great Britain gives the total number of all ages and classes as 2,310,000.

## SERVIAN YOUNG MEN'S SOCIETY

All members are respectfully notified to attend the funeral of our late brother, Louis Klimovich, which will take place from our hall Wednesday afternoon at 4:30 o'clock. By order of the President.—AdvJ91f.

## NEW TODAY

## National League For Woman's Service

A registration of the woman strength of the country. Voluntary and paid service in case of need.

For registration blanks and further information, apply Mrs. Hugh Brown, Tonopah, Chairman for Nevada.

## SERVIAN SOCIETY WILL CONDUCT THE FUNERAL

The funeral of the late Louis Klimovich will take place tomorrow afternoon at 4:30 o'clock from the hall of the Servian Young Men's Society and interment will be in the local cemetery. Deceased was a resident of Tonopah for eleven years and until lately was employed by the Tonopah Mining Company. Previous to that he conducted the Balkan bar. He leaves a widow and a baby.

## FRANK FAVIER, secretary of the

Winfield assessor companies of Goldfield, took in Tonopah last evening.

## AMUSEMENTS

## BUTLER THEATER

Exquisite little Marguerite Clark is the star of the Famous Players' adaptation of the celebrated fairy tale, "Snow White," which is the attraction at the Butler today. Having starred in the stage adaptation of the story, Miss Clark will undoubtedly prove irresistible in the motion picture version of the beloved tale. One of the greatest difficulties faced in starring Miss Clark in the celebrated Grimm fairy tale, "Snow White," was the problem of getting seven dwarfs who would be small enough to look well in
